

PUPPALA KALYANI

Neelipudi, Andhra Pradesh kalyanipuppala2007@gmail.com +91 8897373814 LinkedIn github.com

Professional Summary

Ambitious professional skilled in Python, AWS, and full-stack development. Internship experience in cloud automation and problem solving. Ready to contribute innovative solutions and grow professionally.

Technical Skills

Programming Languages: Python, JavaScript, C, SQL, Machine Learning, Java (Basics)
Frontend Development: HTML5, CSS3, JavaScript, React.js, Bootstrap, Responsive Design
Backend Development: Node.js, Express.js, REST APIs, Authentication, Authorization.
Frontend: HTML, CSS, JavaScript, React.js
Databases: MongoDB, MySQL, SQL
Cloud Platforms: AWS - Lambda, S3, EC2, RDS, IAM, SES,
DevOps Tools: Git, GitHub, API Testing, Postman, AWS CLI
Other Skills: Data Visualization, Cybersecurity Fundamentals, Networking, MS Word, MS PowerPoint
Soft Skills: Analytical Thinking, Problem-Solving, Teamwork, Adaptability

Internship

- . MERN Stack June 2024

To-Do Web Application

Created a task management app that enables users to add, view, edit, and delete tasks in real-time. Utilized MongoDB for data storage, with Express and Node.js for backend logic and API routing. Designed a dynamic React-based frontend for an interactive, user-friendly experience, ensuring data persistence across sessions.

- . Full Stack Web development December 2025 – April 2026

Data Management System (under Amdox Technologies)

React, Node.js, Express, MongoDB, AWS Created a role-based admin dashboard to upload student data in bulk, validate records, and store certificates securely on AWS S3.

Projects

- . UPI Fraud Detection System | Python, Scikit-learn, XGBoost, Flask, AWS

Built an ML model to detect fraudulent UPI transactions with 96 precision. Deployed as a Flask API on AWS Lambda for real-time risk scoring and alerting.

- . JobPortal - Full Stack Job Listing Platform | MERN, AWS, JWT

Built a responsive job portal with React and Node.js where 2 types of users can register, post jobs, and apply.

Implemented secure JWT authentication and file upload to AWS S3 for resumes. Designed MongoDB schemas and REST APIs to handle 1000+ job listings and applications.

vspace0.15cm

- . Amazon Translate and Polly Translation Website | Amazon Translate, AWS Lambda, HTML, CSS, JavaScript

Developed a multilingual translation feature using Amazon Translate to facilitate global communication. Designed a responsive web interface, ensuring accessibility and ease of use on various devices. Leveraged AWS Lambda to automate backend processes, optimizing translation and speech synthesis with a 30 reduction in latency.

Education

B.Tech in Information Technology, SRKR Engineering College, Bhimavaram 2022 - 2025

- GPA: 80 / 100

Diploma, AANM VVRSR Polytechnic college, Gudlavalleru 2019 – 2022

- Percentage: 83.42%

SSC, St Johns English Medium High School, Bantumilli 2018 – 2019

- Percentage: 9.8 / 10.0

Certifications

- Python for Data Science - Great learning
- Networking Addressing and Basic Troubleshooting from - Cisco
- Fundamentals of cybersecurity(EDU-102) - Zscaler
- AWS Academy Graduate Machine Learning Foundations Training Badge - AWS Training and Certification
